

we just started receiving K-Love a couple years ago and were thrilled. I cannot image my life without K-Love in it. That is the only thing we listen to. Many people become uplifted to hear Christian music and it makes each day easier and more enjoyable. Please do not allow K-Love to be removed from our station (95.9) or our area. In a corrupt world, K-Love shows that we can still have values and uplifting Christian enfluence in our community.
